

# International Conference on Recent Advances in Medical Science and Technology RAdMed-2025

**Dates: 17<sup>th</sup>, 18<sup>th</sup> and 19<sup>th</sup> December 2025**

## **Organized by**

School of Medical Science and Technology  
IIT Kharagpur

## **Preamble:**

School of Medical Science and Technology, IIT Kharagpur is interested in organizing an International Conference on “Recent Advances in Medical Science and Technology” (RAdMed-2025).

Medical science and technology has made incredible strides in recent times, especially in the fields of biomedical imaging, informatics, medical devices, diagnostics and therapeutics, biomaterials, molecular medicine and regenerative medicine. These remarkable advancements have introduced novel technological dimensions, ground-breaking conceptual frameworks, and fresh approaches to fundamentally reshape our understanding of health and well-being. RAdMed-2025 looks forward to showcasing these achievements in medical science and technology and aims to facilitate cross-disciplinary interactions. The conference will thus provide the apt platform for researchers, academicians, healthcare professionals, innovators, industries and students to exchange their valuable insights, discoveries and ideas.

The conference aims to build new collaborations that will work towards new innovations and discoveries in field of healthcare research.

## **Proposed Thematic Areas:**

- Biomedical Imaging and Informatics
- Medical Instrumentation and Devices
- Molecular Medicine
- Biomaterials and Tissue Engineering
