CENTRE OF EXCELLENCE IN PUBLIC POLICY LAW AND GOVERNANCE

2ND

ANNUAL PUBLIC POLICY AND LAW CONFERENCE

2026

**SHAPING VIKSIT BHARAT @2047:
TRANSFORMATIVE POLICIES, LAWS AND
GOVERNANCE**

 **1-2 AUGUST, 2026**

 **IIT KHARAGPUR**

RAJIV GANDHI SCHOOL OF INTELLECTUAL PROPERTY LAW

ABOUT IIT KHARAGPUR

The motto of IIT Kharagpur is "योग: कम'सु कौशलम्" This literally translates to "Excellence in action is Yoga", essentially implying that doing your work well is true yoga. This can be traced to Sri Krishna's discourse with Arjuna in the Bhagavad Gita. The quote, in the larger context of the Gita, urges man to acquire equanimity because a mind of equanimity allows a man to shed distracting thoughts of the effects of his deeds and concentrate on the task before him. Equanimity is the source of perfection in Karmic endeavours that leads to Salvation. The Institute started its journey in 1951. It presently offers multidisciplinary research and education. It has schools/departments/centres in various fields beyond technology. It is one of India's prestigious academic establishments. It is recognized as an Institute of National Importance and was awarded the status of Institute of Eminence.

ABOUT THE CENTRE OF EXCELLENCE

The Centre of Excellence in Public Policy Law and Governance is a unique initiative undertaken by the prestigious Indian Institute of Technology Kharagpur, with an end goal of contributing to the ever-expanding landscape of Public Policy in contemporary India. The Centre of Excellence currently offers a Masters program in Public Policy Law and Governance which is an outstanding amalgamation of legal and governance studies blended with public policy.

ABOUT THE CONFERENCE

Governance reforms in shaping India's journey toward inclusive, sustainable, and equitable development by the centenary of Independence. Anchored in the vision of Viksit Bharat @2047, it foregrounds the evolving relationship between public policy, legal frameworks, innovation, and societal change in addressing complex contemporary and future challenges. The deliberations emphasize the strengthening of democratic institutions, protection of rights, and promotion of accountable governance, while engaging with structural and institutional capacities across multiple levels of governance. Central to the discussions are questions of equity, social inclusion, and economic resilience in the pursuit of balanced growth. The conference also engages with transformations driven by technological advancement, changing patterns of work, and innovation-led development. Attention is further directed toward human development outcomes, responsible use of digital technologies, and sustainable approaches to urbanization and resource management. Through interdisciplinary scholarship and policy-oriented dialogue, the conference seeks to reimagine governance frameworks that are transparent, adaptive, and future-oriented, contributing to a resilient and empowered India by 2047.
