INTERNATIONAL WEBINAR

Rubber Products for a Green Future: Recycling & Sustainability (RPGF 2021)

KEY TOPICS

- ✓ Thermoplastic elastomers: process, properties and recent applications
- ✓ Natural rubber based nanocomposites
- ✓ Silica filled rubber compounding ingredients for natural rubber
- ✓ Block co-polymers with complex architectures
- ✓ Characterization of Rubber nanocomposites via SAXS

SPEAKERS FROM

Thailand	Germany
UAE	France
Belgium	India
