

SPARC Workshop on ‘Mathematical Modelling of Bubble Dynamics’

A Workshop to discuss recent progress in modelling cavitating bubble dynamics with applications in Maritime and Agricultural Food Processing Engineering. The workshop comprises lectures by established researchers focusing on theoretical, computational and experimental methods to study cavitating bubble dynamics.

Organizers:

1. Dr. Swapnadip De Chowdhury (Department of Ocean Engineering and Naval Architecture, IIT Kharagpur)
2. Dr. Ritwik Ghoshal (Department of Ocean Engineering and Naval Architecture, IIT Kharagpur).

List of Invited Speakers:

1. Dr. Anirban Bhattacharyya, IIT Kharagpur.
2. Dr. Vaibhav Joshi, BITS Pilani.
3. Professor Justin Leontini, Swinburne University of Technology.
4. Professor Richard Manasseh, Swinburne University of Technology.
