

6th INTERNATIONAL CONFERENCE ON SHIP & OFFSHORE TECHNOLOGY ICSOT- INDIA 2019

"Dynamics of Ocean Structures"
7th - 8th November 2019, IIT Kharagpur, India

Organized by

The Royal Institution of Naval Architects
and
Department of Ocean Engineering & Naval Architecture, IIT Kharagpur

Overview

This conference seeks to explore current trends and projected future changes regarding the dynamics of marine vessels and structures related to marine operations and generation of renewable energy. The main aim of this conference is to disseminate research and development activities concerning marine structures focused on innovative and practical solutions for energy efficiency and economy.

The **theme** of the sixth **International Conference on Ship & Offshore Technology - India 2019** will be **"Dynamics of Ocean Structures"**. It will bring together members of the international maritime industry to present and discuss the latest developments in the design, analysis and construction of ships and offshore structures which will contribute towards sustainable growth and development of the global marine industry.

Topics

Papers are invited on the following topics:

Structural Mechanics	Ocean Environment
Ship & Offshore Hydrodynamics	Ocean Energy
Hydroelasticity	Port & Harbour Engineering
Coastal Hydrodynamics	Design & Production of Marine Structures

Papers addressing issues regarding Ocean Structures not restricted to above topics will also be considered.

About IIT Kharagpur

Kharagpur is the fifth largest city of West Bengal. It was chosen as the location for the first campus of the Indian Institute of Technology (IIT). The IITs are the premier technical education institutes in India and are internationally recognized for their academic and technical excellence. IIT Kharagpur started in the old Hijli Detention Camp where some of India's great freedom fighters toiled and sacrificed their lives for Indian independence. The history of IIT Kharagpur is intimately linked with the history of the Hijli Detention Camp. This is possibly one of the very few Institutions anywhere in the world which started life in a prison house.

About the Department of Ocean Engineering & Naval Architecture

The Department of Ocean Engineering & Naval Architecture established in 1952. During more than 60 years of its existence, the department has made significant contributions to the development of shipbuilding and shipping industries in the country including the Indian Navy, Indian Coast Guard, DRDO and other allied organizations.
