

Modelling and Analyses of Railway Vehicle Dynamics using SIMPACK

17th – 22nd February, 2025

- Introduction to Multibody Dynamics
- Dynamics of Wheelset
- Modelling of Track and Track Irregularities
- Modelling of Suspension Elements
- Modelling of Bogie and Coach
- Data post processing in Simpack
- Hands on experience on rail-wheel contact simulator

Coordinator

Dr. Vikranth Racherla

Professor InCharge, Centre for Railway Research

Professor, Mechanical Engineering

IIT Kharagpur
