Annual Membership Renewal Notice

This is to notify that annual membership forms (both fresh and renewal) will be available from 18th July onwards.

In a typical year the annual membership becomes effective from 15th July but this year the membership processing has been delayed by 10 days and the membership will be effective from 25th July. This delay is because of introduction of a new software which will ease the membership renewal process.

This new software can be used for obtaining membership from 18th July 10 AM. Please do not use the software before 18th July since the software is undergoing testing under live conditions. All data entered before 18th will be purged.

We would also like to bring it to the notice of our patrons a few changes that will be introduced from this cycle:

1. This membership processing is completely online. This will be processed through our website www.tas.iitkgp.ac.in . Members can upload all required documents and print the ID card themselves through this website. There will be no need to visit the TAS office. Questions and concerns will also be addressed through the following email: tas@iitkgp.ac.in
2. Since the software has to be re-written entirely to take care of future expansion and android compatibility, we expect some initial hitch. We request members to bear with us and report all problems to tas@iitkgp.ac.in. We will also introduce a payment gateway soon.
3. From this year onwards, we are introducing mixed man-woman slot. Currently slot E has been selected as mixed slot.
4. The summer session has been extended till 23rd July. Those who have summer membership can continue swimming till 23rd July.
5. Those who had submitted the medical certificate for the summer membership 2022, need not to submit a fresh medical certificate. However, they must upload a scanned copy of the summer membership card in lieu of the medical certificate. ALL other members, including members renewing pre-COVID memberships, must upload a medical certificate in the prescribed format.

Please write to us at tas@iitkgp.ac.in if you have any question or concern.

Happy Swimming.

Jayanta Chakraborty
Vice Chairman
Technology Aquatic Society.
